

Homework

Homework will be given out every Friday and expected back by Thursday the following week or earlier.

Reading

Over the week the children are expected to reading at least 3 times. More often is preferable. Please sign the reading record to show they have been heard read. Please ensure your child's reading book is in their book bag every day in case they are heard read individually at school. They can change their book as they finish it and do not have to wait for their guided reading day.

Phonics

Please review the Read Write Ink phonic cards that you were given in Acorns as frequently as possible.

Spellings

The children will be given spellings tailored to their ability. They will need to learn them at home over the week. If they can spell them all correctly they can earn themselves a marble and will be given new ones.

Maths

A few things to help your child at home...

- Count in steps of 2, 5 and 10
- Practicing counting 0-100 and 100-0
- Writing numbers correctly

Later in the year we will be introducing a maths booklet that contains activities to complete relating to our learning during the week. We will send out a letter to explain more in detail.
