

Acers News!

What a wonder first few weeks we have had of the new school year! I would like to thank you and your wonderful children for helping me settle in as we start our Acers journey together.

Firstly, we started our BFG writing unit of with some delicious ice-cream tasting to gather adjectives for our writing lessons. We have just finished our first writing unit and the children have produced some fantastic dreams in role as BFG. We have particularly enjoyed creating 'gobblefunked' words and making them as silly as possible!

We have also enjoyed learning about 'A child's War' for our History topic and the children have been role playing what it would have been like to be an evacuee in the WWII. They received their own ID tag and were sent to various parts of the country (marked areas of the playground). They also had to decide what essentials they would choose to fit inside a shoe box for their travels.

I think Acers favourite lesson so far is our DT topic 'Make do and mend'. We have been recycling old clothes (courtesy of my ever so quickly growing daughter), cutting, unpicking and designing new uses for them. We have also been perfecting our sewing skills by learning blanket stitch, running stitch and whip stitch. Thank you to those who have brought in sewing kits and materials for this. It was unexpected and really supported the children's love for the topic!

My favourite part of the term so far has been watching new friendships blossom, old friendships continue and a real family forming in our newly connected Acers. Watching their love and curiosity for learning is a real reflection of the people they are becoming.

We still have lots to look forward this term with trips, sporting events, yummy jam making and more!

Thank you for all your support.

Mrs Colville. Mrs Bowering and Mrs Garry
