

Ash Class Adventures –12.12.25

Hello everyone,

One week to go until the Christmas holidays!

The children have done an excellent job in English writing their own adventure stories with a strange creature. They had fun planning their own stories with lots of imagination and creativity. The children focused on fronted adverbials, and building suspense in their stories.

In Maths, we have been working through our multiplication and division unit, we have been focusing on the 2-, 3-, 5- and 10-times table and how these can help when working on multiplication and division questions. The children have also been looking at how to divide by grouping and sharing. They are really enjoying times table rockstars which is helping to build their times table knowledge!

In Science, we finished our unit on sound with a pitch experiment where the children explored how the pitch changed in glass bottles with varying amounts of water and air.

We also made our fruit salads during DT this week, the children enjoyed preparing a variety of fruits and of course eating their fruit salads at the end! Thank you for all your support and for the array of fruit that was sent in!

Next week on Tuesday 16th December we will be having a Christmas party in the afternoon. The children can come into school in their party clothes for the day.

Please send your child in with a carrier bag on Wednesday 17th so that they can bring home any work/ things from their trays as we will be clearing the classroom at the end of term. Please also return any school library or reading books plus the children's homework books to school by Tuesday 16th December. Thanks again for your continued support.

Merry Christmas, hope everyone has a lovely holidays!

Miss Hartland and Mrs Corbett
