

Acorns Class Newsletter

(8th May 2026)

So far this term...

We have been very busy this half term exploring the Forest School area on Thursdays, climbing trees, whittling wood, sitting around the campfire popping corn and creating willow crowns. I'm sure you have been presented with some of these creations at the end of the day!

We have also been preparing for Sports Day by practising our throwing and long jump.

Maths

In Maths, Reception have been practicing number formation and have started learning about rotating and manipulating shapes. Year 1 have been learning about fractions and splitting objects into equal parts.

Literacy

We have been looking at our class book, *Jack and the Jellybeanstalk* imagining how we would feel if we had to sell our beloved cow Daisy and what the magical jellybeans might taste like!

Topic

We have continued learning about plants in our topic by looking at them closely with magnifying glasses, planting our own seeds, labelling diagrams of plants and explaining what each part of the plant does, creating floral artworks, leaf men and making predictions in science experiments.

Reminders

Forest School will be on Thursday afternoons in place of one PE session. We go out in all weathers so please dress your child appropriately for the outdoors.

Please ensure your child's belongings are clearly labelled with their name especially jumpers and cardigans! 😊
