

Acer News

Dear Parents,

We have had a busy few weeks already and enjoying the lovely weather by getting outside as much as possible. It would be great if all the children could have a sunhat in school as I notice them getting rather hot when the sun shines. They are very good at hydrating with their water bottles later, however.

The Year 4 children have had some realistic practice with their Maths Multiplication Tables Check on the computer with Mrs Garry and Mrs Bowering has been keeping up the reading which is so important to the children's progress. We are also grateful to Mrs Jenkins in the village who is now coming in twice a week to hear readers.

This coming week is SATs week when Acers class ranks are filled with the Year 5 pupils from Oaks – for the mornings only. We have plenty of adults to support this swelling of numbers and I have planned an exciting curriculum around a Survivor theme. So, if your child comes home talking about how to survive in a desert, a remote island or an arctic wasteland, please encourage some creative thinking!

The following week we will be gearing up to Sports Day on the Tuesday 19th May, and we look forward to welcoming you into school that day. In the meantime, if you have any questions about your child or school life in general, I am always happy to chat at the end of the day.

With very best wishes,

Pippa Shon
